CHURCH OF ENGLAND HIGH SCHOOL

School Policy 5 - SAFEGUARDING

This policy was updated in September 2016 by Andrew Cook (DSL) and the Headteacher (DDSL) and last reviewed by Governors on September 21st 2016.

The Governors' Committee responsible for this is the Pastoral and Welfare Committee.

It is reviewed annually and will next be reviewed in September 2017.

The person responsible for this policy in the school is the Schools Designated Safeguarding Lead.

Introduction

This policy applies to all staff, Governors and volunteers working in the school. This School is committed to child protection and safeguarding children and young people and expects all staff, Governors, visitors and volunteers to share this commitment. **This Policy is publicly available on the School website and a copy may be obtained from the School Office.**

MISSION STATEMENT: Archbishop Tenison's School strives for academic excellence within the values of a Christian Community. The overall aim of this policy is to safeguard and promote the welfare of the children in our care.

THE WELFARE OF THE CHILD IS PARAMOUNT: In this policy, 'child' and 'children' are used throughout. These are intended to refer to pupils of all ages and Sixth Form students.

This policy, including its procedures, along with the related documents (which are listed in this policy), is informed by statutory and best practice guidance. Our Local Safeguarding Children Board (LSCB) is the London Borough of Croydon Safeguarding Children Board.

A blue area denotes a regulation with which all Schools must comply.

STATUTORY REQUIREMENTS

This policy reflects our commitment to child protection and safeguarding and is developed from legislation documents The Children Act 1989, The Children Act 2004, Education Act 2002, and complies with Working Together to Safeguard Children (March 2015), Keeping Children Safe in Education (Sept 2016) (KCSIE with specific reference to Part 1), What to do if you're worried a child is being abused- advice for practitioners (March 2015), Guidance for safer working practice for those working with young people in education settings (October 2015), Disqualification under the childcare act 2006 (February 2015), Prevent Duty Guidance for England and Wales (July 2015), The use of social media for on-line radicalisation (July 2015) and Framework for the Assessment of Children in Need and their Families (Department of Health et al, 2000) and any additional guidance issued by the Secretary of State.

Rationale

OUR EDUCATIONAL AIMS are to:

1. uphold Christian belief through worship and daily life and enable students to grow in a living faith;
2. develop the habit and skills of academic enquiry, intellectual integrity, and a love of learning for its own sake;
3. broaden the student's cultural experience by active involvement in and appreciation of the expressive arts and by examining the role that culture, including science and technology, plays in creating civilised societies;
4. develop an awareness and understanding of their physical capabilities in students through curricular and extra-curricular activities whilst fostering positive attitudes to health and safety and sportsmanship;
5. promote an understanding of different religions and ethnic origins and cultures in order to reduce intolerance and prejudice; promote the integration into the community of people of all ethnic backgrounds; and to foster and develop a strong sense of moral values which are given practical expression in all aspects of the lives of those who make up this school community;
6. create in students an awareness of their abilities enabling them to realise their potential and to play their full part, as Christians, in the wider community in this country and overseas; to prepare them for the world of work and to develop within them interests which they will find enriching and fulfilling;
7. encourage pupils towards an understanding of their own feelings and the feelings of others, thus developing a friendly, supportive and caring community, in which every student is equally valued.

As a School we do all that we can to promote the welfare of pupils and to ensure that children are protected from harm both within the School and beyond our direct control. The School recognises that we have a duty to protect children at risk of harm and also those children who need extra help. To that end we are committed to:

- Establishing and maintaining an ethos where children feel secure and are encouraged to talk and are always listened to.
- Ensuring that all children know there is an adult in the School whom they can approach if they are worried or in difficulty.

Including across the curriculum, such as through the Pastoral programme, opportunities which equip children with the skills they need to stay safe from harm and to ensure they know to whom they should turn for help. This would necessarily include a focus on e-safety and on promoting emotional and mental well-being and resilience in a rapidly changing world which presents new challenges, such as the risks of extremism and radicalisation.

It is the responsibility of all staff, including Governors, volunteers and staff of contractors to be fully aware both of Part 1 Keeping Children Safe in Education, September 2016 and the School's procedures in relation to child protection and child safeguarding.

COMPLAINTS

If a parent considers that the School has not operated the Child Protection and Safeguarding Policies correctly, they may submit a complaint under the Complaints Policy which is on the school website or available on request from the school office. If a member of staff has a concern with regards to the School's child protection and safeguarding practice and procedures then they should do so by **following the Whistleblowing Policy.**

Complaints/allegations made against staff/volunteers/the Headteacher

Complaints or allegations made against staff/volunteers will be brought immediately to the attention of the Headteacher in order that he may activate the appropriate procedures.

In the Headteacher's absence, or where the Headteacher is the subject of a complaint, the person to contact is the Chair of Governors. Mr Richard Mash whose contact details can be obtained via the school office: 020 86884014 or office@archten.croydon.sch.uk between the hours of 8am and 5.45pm. The Chair will inform the LADO.

Allegations will be managed according to the following procedure:

1. The complaint or allegation must be reported without delay to the Headteacher.
2. The Headteacher will contact the LADO **within 24 hours** of receiving the complaint/allegation.
3. The Headteacher will not conduct his own investigation in order that statutory investigations are not jeopardised, but he will ask the person making the complaint/allegation to write a detailed account of his/her concerns.
4. The compilation of the report from the person making the complaint/allegation must not be aided by the Headteacher.
5. This report is stored in a locked cabinet and held securely.
6. After the complaint/allegation is investigated by the statutory authorities, the appropriate referring is made by the School to relevant agencies.

The following points are important:

1. If an allegation is made against a teacher the quick resolution of that allegation will be a clear priority to the benefit of all concerned. At any stage of consideration or investigation, all unnecessary delays should be eradicated.
2. All allegations are brought to the attention of the Headteacher (except where the allegation concerns the Headteacher) and the LADO is contacted immediately to agree a course of action and possible involvement of the Police.
3. In some cases the LADO may be contacted for informal discussion without naming the School or individual;
4. In response to an allegation, staff suspension will not be the default option. An individual will only be suspended if there is no reasonable alternative. If suspension is deemed appropriate, the reasons and justification will be recorded by the School and the individual notified of the reasons.
5. Allegations against a teacher or other member of staff who is no longer working will be referred to the DBS.
6. If an allegation is made in relation to the Headteacher, the DSL will report directly to the LADO and partner agencies as appropriate. The DSL will also inform the Chair of Governors.
7. There are four possible outcomes following an investigation into an allegation against staff: **substantiated, malicious, false, and unsubstantiated.**
8. An allegation that is found to have been malicious will be removed from personnel records and any that is not substantiated is unfounded or malicious will not be referred to in employer references. Allegations that are found to have been malicious are likely to have breached School policy and are proscribed in the Whistle-blowing Policy. The School will therefore consider whether to apply an appropriate sanction, which could include temporary or permanent exclusion (as well as referral to the Police if there are grounds for believing a criminal offence may have been committed). If the allegation concerns alleged minor physical mishandling or verbal abuse, this will normally be dealt with under the School's Complaints Procedure, unless one or more of the following criteria applies:
 - The allegation is one of actual bodily harm – i.e. an injury has necessitated first aid or medical treatment;
 - There is reason to suspect parental instigation or collusion;
 - The allegation has been reported to the Police or Children's Services by the parent or child;
 - The child is Looked After in Public Care;
 - The child is subject to a Child Protection plan or a Child in Need plan;
 - The child has a disability or Statement of Special Educational Need;
 - The member of staff concerned has been subject to previous complaints;
 - The allegation is one of sexual abuse.

In these cases, advice will be sought from the relevant professionals in the local authority or the LADO with a view to a Strategy Meeting or Discussion being held in accordance with the Croydon Safeguarding Children’s Board safeguarding procedures. This process will agree upon the appropriate course of action and the time-scale for investigations.

In considering whether or not a referral to Children’s Social Care Services is appropriate, the Headteacher may seek advice from the Croydon’s Professional Advisor for Safeguarding in Education, the LADO and other relevant external agencies.

Preventing Extremism and Radicalisation

- Tenison’s School understands its statutory duty to help protect all pupils from extremist and violent views.
- Protecting children from radicalisation is seen as part of its wider safeguarding duties. The purpose must be to protect children from harm and to ensure that they are taught in a way that is consistent with the law and British Values
- We will work to ensure that members of staff are fully engaged in being vigilant about radicalisation; and maintain an attitude that “it could happen” in the school.

Refer to Child Protection and Safeguarding – Preventing Radicalisation Policy

- Through accessing training events such as PREVENT, we will ensure that our staff are fully aware of the threats, risks and vulnerabilities that are linked to radicalisation; are aware of the process of radicalisation and how this might be identified early on. We will work alongside other professional bodies and agencies to ensure that our pupils are safe from

harm.

- Our School will not tolerate any prejudice, discrimination or extremist views, including derogatory language, displayed by pupils or staff who will always be challenged and where appropriate dealt with in line with our behaviour policy for learners and the Code of Conduct for staff.
- Our School's ethos promotes a positive, supportive and secure environment, giving pupils a sense of value as well as a creation of a culture that helps children to feel safe and able to talk freely about their concerns, believing that they will be listened to and valued. The latest resources promoted by DfE regarding teaching children how to keep safe can be found at: The use of social media for on-line radicalisation, the UK Safer Internet Centre (www.saferinternet.org.uk) and CEOP's *Thinkuknow* website www.thinkuknow.co.uk. WRAP Prevent Training. Access to the Thinkyouknow website can be made through a link on the schools own website.

We will closely follow any locally agreed procedures and agreed processes and criteria for safeguarding individuals who are vulnerable to extremism and radicalisation. As part of wider safeguarding responsibilities school staff will be alert to:

- a) Disclosures by pupils of their exposure to the extremist actions, views or materials of others outside of school, such as in their homes or community groups, especially where learners have not actively sought these out.
- b) Graffiti symbols, writing or art work promoting extremist messages or images
- c) Pupils accessing extremist material online, including through social networking sites
- d) Parental reports of changes in behaviour, friendship or actions and requests for assistance
- e) Reports from Police and local authority services of issues affecting pupils in the school or other education settings in the locality.
- f) Learners voicing opinions drawn from extremist ideologies and narratives
- g) Use of extremist or hate terms to exclude others or to incite violence
- h) Intolerance of difference, whether secular or religious or, in line with our equalities policy, views based on, but not exclusive to, gender, disability, homophobia, race, colour or culture
- i) Attempts to impose extremist views or practices on others
- j) Anti-Western or Anti-British views

Principles

DEFINITIONS OF CHILD ABUSE

Child abuse is a term used to describe ways in which children are harmed by someone often in a position of power. It is not the responsibility of Archbishop Tenison's Church of England High School staff to decide whether child abuse is occurring but we are required to act on any concerns and report it to the appropriate party. **The health, safety and protection of a child are paramount.**

Abuse might fall into the categories of:

- **Physical** Hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child.
- **Emotional** Persistent emotional ill treatment e.g. conveying to the child that they are worthless, unloved, inadequate, imposing age or developmentally inappropriate expectations, causing feelings of fright or danger.
- **Sexual** Forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening. The activities may include physical contact,

penetrative and non penetrative acts. They include non-contact activities e.g. looking at pornographic material or watching sexual activities or encouraging children to behave in sexually inappropriate ways.

- **Neglect.** The persistent failure to meet a child's basic physical and/or psychological needs.
- **Fabricated and Induced Illness** (previously known as Munchausen's Syndrome by Proxy) Feigning symptoms or deliberately causing ill health to a child.

It is not always obvious that a child is being abused and children with learning difficulties may be less likely to disclose abuse if they have communication difficulties and/or are isolated. Frequently it is the culmination of information that is important. Concerns, however small must be recorded and given to the Lead Designated Person so that any patterns may be identified quickly. The signs and types of behaviour listed below are not in themselves evidence of abuse, but may suggest abuse, particularly if a child exhibits several of them, or if a pattern emerges of when or how the child exhibits such signs or behaviour.

- Repeated minor physical injuries e.g. bruising, cuts.
- Physical injuries e.g. broken bones, bruising particularly above the knees, two black eyes, cigarette burns to the body, belt marks, burn or scald marks.
- Children who have lingering illnesses which are not attended to.
- Deterioration in schoolwork or significant changes in behaviour.
- Aggressive behaviour, severe tantrums.
- Overly compliant, "watchful attitude".
- Sexually explicit behaviour, e.g., playing games and showing awareness, which is inappropriate for the child's age.
- The child is reluctant to go home or is kept away from school by a parent for no apparent reason
- Does not join in school social activities, has few school friends. "Tummy pains," "headaches" etc. for no apparent reason.
- Eating problems, including over-eating, not eating.
- Disturbed sleep, nightmares, and bedwetting.
- Running away from home.
- Self-inflicted wounds.
- Reverting to younger behaviour, depression, withdrawal
- Relationships between the child and adults which are secretive and exclusive

Female Genital Mutilation - FGM

- Female Genital Mutilation (FGM): professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM.
- There are a range of potential indicators that a child or young person may be at risk of FGM, which individually may not indicate risk but if there are two or more indicators present this could signal a risk to the child or young person. Victims of FGM are likely to come from a community that is known to practise FGM. Professionals should note that girls at risk of FGM may not yet be aware of the practice or that it may be conducted on them, so sensitivity should always be shown when approaching the subject. Warning signs that FGM may be about to take place, or may have already taken place, can be found on pages 11-12 of the Multi-Agency Practice Guidelines referred to previously.

- **Since 31 October 2015 it is a legal requirement to report known cases of FGM (visually identified or verbally disclosed) to the Police under the FGMMandatory Reporting Duty. Any such disclosures will be referred to the Police by contacting them on the 101 number. This duty does not apply in relation to “at risk” or suspected cases. In these cases the Designated Person will make appropriate and timely referral to MASH if FGM is suspected. In these cases, parents will not be informed before seeking advice. The case will be referred to MASH even if it is against the pupil’s wishes.** Our school activates local safeguarding procedures, using existing national and local protocols for multi-agency liaison with police and children’s social care.

Child Sexual Exploitation (CSE)

- Child Sexual Exploitation involves exploitative situations, contexts and relationships where young people receive something (for example food, drugs, alcohol, gifts or in some cases simply affection) as a result of engaging in sexual activities. Sexual exploitation can take many different forms from these seemingly ‘consensual’ relationships to serious organized crime involving gangs and groups.
- Exploitation is marked out by an imbalance of power in the relationship and involves varying degrees of coercion, intimidation and sexual bullying including cyberbullying and grooming.
- It is important to recognize that some young people who are being sexually exploited do not show any external signs of this abuse and may not recognize it as abuse. Young people who go missing can be at increased risk of sexual exploitation and so procedures are in place to ensure an appropriate response to children and young people who go missing, particularly on repeated occasions.
- Archbishop Tenison’s staff will refer to the Multi-Agency Safeguarding Hub (MASH) if there is a concern that a young person may be at risk.

Children missing from Education

- A **Child Missing from Education** is defined by the DfE as “a child of compulsory school age who is not on a school roll, nor being educated otherwise (e.g. privately or in alternative provision) and who has been out of any educational provision for a substantial period of time (usually four weeks or more).”
- In Croydon, referrals for CME are accepted after 10 working days of reasonable checks being carried out by the educational provider and their Designated Safeguarding Lead.
- In Croydon, the main reasons behind Children Missing from Education are those who fail to start at an appropriate education provision either at the start of the new academic year or following a mid-year transfer, becoming lost from school rolls, or failure to register at a new school when moving in or out of the Borough.

Domestic Abuse and Sexual Violence (DASV)

- Domestic or Family Violence adversely affects children, whether or not it is significant enough to warrant action under Child Protection Procedures.
- When a member of staff becomes aware that a child may be living in a household where there is emotional, physical or sexual violence, they should immediately refer to the school safeguarding team.

Forced marriage and Honour Killing

Arranged Marriage - In arranged marriages the families of both spouses take a leading role in arranging the marriage but the choice of whether or not to accept the arrangement remains with the prospective spouses.

Forced Marriages “Forced Marriage is an abuse of human rights” Universal Declaration of Human Rights Article 16 (2)

A forced marriage is where one or both people do not (or in cases of people with learning or physical disabilities, cannot) consent to the marriage and pressure or abuse is used.

- Hundreds of young people, some as young as 13, are taken abroad each year and forced into marriage
- Forced marriage can involve child and sexual abuse including abduction, violence, rape, enforced pregnancy and enforced abortion.
- Rejection can place a young person at risk of murder, also known as “Honour Killing”.
- Forced marriage is not sanctioned within any culture or religion.

Young people rarely feel able to disclose their feelings about forced marriage. However there are some warning signs that may indicate the possibility of an impending forced marriage:

- extended absence from school/college, truancy, drop in academic performance, low motivation, excessive parental restriction and control of movements, and history of siblings leaving education early to marry
- poor attendance in the workplace, poor performance, parental control of income and limited career choices
- evidence of self-harm, treatment for depression, attempted suicide, social isolation, eating disorders or substance abuse
- evidence of family disputes/conflict, domestic violence/abuse or running away from home

A young person demonstrating any of the above may not be necessarily at risk, but if you feel concerned about a potential forced marriage you should contact Children’s Social Care.

“Honour” Based Violence

Honour based violence is where the person is being punished by their family or their community. They are being punished because of a belief, actual or alleged that a person has not been properly controlled enough to conform and thus this is the “shame” or “dishonour” of the family.

Staff working with victims of forced marriage and honour based violence need to be aware that they may only have one chance to speak to a potential victim and may only have one chance to save a life. If a disclosure is made health professionals should provide information about specialist advice and services or assist by referring to the Police, Social Care, Support Groups, and Counselling Services.

There may be occasions when the level of concern or the imminence of marriage requires referral to Social Services.

Accurate records must be maintained at all times documenting what has been said and done.

Honour based violence is an ancient cultural tradition that encourages violence towards family members who are considered to have dishonoured their family. It is rooted in domestic violence and is often a conspiracy of family members and associates meaning victims are at risk from their parents and families.

For this reason, staff should not approach the family or family friends, or attempt to mediate between the child and family, as this will alert them to agency involvement

Peer on peer abuse

Education settings are an important part of the inter-agency framework not only in terms of evaluating and referring concerns to Children’s Services and the Police, but also in the assessment

and management of risk that the child or young person may pose to themselves and others in the education setting.

If one child or young person causes harm to another, this should not necessarily be dealt with as abuse. When considering whether behaviour is abusive, it is important to consider:

- Whether there is a large difference in power (for example age, size, ability, development) between the young people concerned; or
- whether the perpetrator has repeatedly tried to harm one or more other children; or
- Whether there are concerns about the intention of the alleged perpetrator.

Peer on peer abuse can manifest itself in many ways and different gender issues can be prevalent. Severe harm may be caused to children by abusive and bullying behaviour of other children, which may be physical, sexual or emotional and can include gender based violence/ sexual assaults, sexting, teenage relationship abuse, peer-on-peer exploitation, serious youth violence, sexual bullying or harmful sexual behaviour. Peer on peer abuse will never be tolerated or passed off as 'banter' or 'part of growing up'. Neither will peer on peer sexual exploitation or Gender based issues. Pupils / Students at Archbishop Tenison's School are encouraged to think about their behaviour and the behaviour of others. The school will look into the Sexual Behaviours Traffic Light Tool by the Brook Advisory Service to assess and respond appropriately to sexualised behaviour and Peer on peer abuse. www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool.

Sexting

Sexting is the exchange of self-generated sexually explicit images, through mobile picture messages or webcams over the Internet. Pupils may also call it cybersex or sending a nudie, picture or selfie. Sexting is illegal. By sending an explicit image, a pupil is producing and distributing child abuse images and risks being prosecuted, even if the picture is taken and shared with their permission. It is easy to send a photo or message but the sender has no control about how it's passed on. When images are stored or shared online they become public. They can be deleted on social media or may only last a few seconds on apps like Snapchat, but images can still be saved or copied by others. These images may never be completely removed and could be found in the future, for example when applying for jobs or university. Pupils may think 'sexting' is harmless but it can leave them vulnerable to

- Blackmail when an offender may threaten to share the pictures with the pupil's family and friends unless the pupil sends money or more images
- Bullying may result when images are shared with their peers or in school
- Unwanted attention when images posted online attract the attention of sex offenders, who know how to search for, collect and modify images
- Emotional distress resulting from embarrassment and humiliation.

If they are very distressed this could lead to suicide or self-harm Pupils are informed of the consequences of sexting and the legal implications through PSHE and assemblies.

Trafficking

We are diligent in following all aspects of our child protection procedures. Trafficked children may not only be deprived of their rights to health care and freedom from exploitation and abuse, but may also be denied access to education. The creation of a false identity and implied criminality of the children, together with the loss of family and community, may seriously undermine their sense of self-worth. At the time they are found, trafficked children may not show any obvious signs of distress or imminent harm, but they may be vulnerable to particular types of abuse and may continue to experience the effects of their abuse in the future.

Procedure for Dealing with a Direct Disclosure

Safeguarding plays a more proactive approach involving planning to keep children safe and should be at the forefront of all thoughts, actions, policies and procedures involving children/pupils. Staff receive compulsory training which supports all aspects of safeguarding including an understanding of signs of abuse in children and examples of abuse by staff. It is important that children receive the right help at the right time to address risks and prevent issues escalating, acting on and referring the early signs of abuse and neglect, keeping clear records, listening to views of the child, reassessing concerns when situations do not improve, sharing information quickly and challenging inaction.

A) What to do if you are concerned about a child's welfare:

All cases of suspected abuse against a pupil should be given the highest priority and must be reported on the day they arise. Somebody may abuse or neglect a pupil by inflicting harm on them or by failing to act to prevent harm.

1. Where teachers or other staff see signs which cause them concern, they should discuss their concerns with the Designated Safeguarding Person and complete a Safeguarding, Cause for Concern Record Sheet.
2. The Cause for Concern Record sheet (**Appendix A**) form must be completed immediately detailing as much information as possible.
3. The Designated Safeguarding Lead has specific responsibility for co-ordinating action in the School and for liaising with social services departments and other agencies over suspected or actual case of child abuse. If the action does need to be referred to social services or other agencies the DSL will contact:

MASH (Multi-Agency Safeguarding Hub) on 0208 726 6400 or by completing the relevant referral form at www.croydon.gov.uk/childreferral

Immediate Concerns – It is important to note that any professional working with children that has immediate concerns for a child's safety can contact MASH. MASH also have a consultation line that is staffed by social workers and they can provide advice and guidance on whether to make a referral. You can contact the **MASH Consultation Line on 0208 726 6464**

If a referral is made and the school has not heard back or a member of the Safeguarding Team needs information about Children's Social care involvement about a family the relevant member of school staff will contact the MASH Education Officer: Bronwyn Rich, MASH.Education@croydon.gov.uk 0208 604 7456 (ext. 47456)

4. The Designated Safeguarding Person will refer the case or discuss the issues with the appropriate investigating agencies within **24 hours**, following up in **writing within 48 hours** using the Croydon Children's Social Care referral form for Professionals that is accessible from Croydon LSCB website. The Designated Safeguarding Person will inform the Headteacher if a referral is made. Any member of staff may make a referral to external agencies.
5. All conversations regarding the disclosure must be in a written format and sent to Social Care/LADO.

6. Following the referral, the investigating agency will acknowledge receipt of the referral and decide the next course of action.
7. Staff must NOT question any other persons implicated in the disclosure. To do so may prejudice any potential police investigations.

B) What to do if a child makes a disclosure:

1. A disclosure may happen at any time
2. Stay calm, listen carefully and allow the child to speak for as long as they want to
3. Teachers should be aware that the way in which they talk to a child can have an effect on the evidence which is put forward if there are subsequent criminal proceedings. They should not question the child, ask leading questions or make suggestions about what the child means.

The TED principles of Tell me, Explain to me, Describe to me should be used

For example:

- Tell me what is happening?
- Explain what happened next?
- Describe to me what happened then?
- Do not promise to keep details confidential
- **Make it clear from the start that the information must be shared**

4. The Teacher should listen to the child and make accurate notes of the discussion, using the Safeguarding Cause for Concern record Sheet (appendix A). The notes should record the child's name, time, date, place and people who were present as well as what was said. The nature of the injuries, where appropriate, should also be included.

5. Where an allegation is made, teachers or other members of staff should report the information to the Designated Safeguarding Person who will follow steps 4-7 in the section above, **“What to do if you are concerned about a child's welfare”**

6. Schools have a professional responsibility to share relevant information about the protection of children with other professionals, particularly investigating agencies. If a child confides in a member of staff and requests that the information is kept secret, it is important to explain to the child that the member of staff has a responsibility to refer cases of alleged abuse to the appropriate agencies on a need to know basis.

7. Teachers and other members of staff should share information only within appropriate Professional contexts. The Designated Safeguarding Lead will decide whether it is appropriate to contact parents. **Do not contact parents yourself.**

SEX EDUCATION

- The School's policy on sex education has been agreed by the Governors and does not include education about sexual abuse. (NB. Within the terms of the 1986 Education Act, only those subjects and approaches relating to Sex Education which have been approved by the Governors can be taught and implemented in the School. If you are unclear as to what you are allowed to teach, please consult with the Headteacher.)
- For further information or details if you are concerned that a child is being abused, please see the additional essential information folder at Staff (T : drive), non-teaching resources, **Other issues relating to best practice**

TRANSPARENCY AND WORKING WITH PARENTS

The School prides itself on its respect and mutual tolerance. Parents/guardians have an important role in supporting the school. Copies of this policy, together with our other policies relating to issues of child protection are available from the School office and the website. We hope that parents

and Guardians will always feel able to take up any issues or worries that they may have with the school.

We will never ignore an allegation of child abuse and will always investigate any concerns thoroughly. Open communications are essential. We expect parents to inform the school of any concerns they have about any child.

CHILDREN WITH SPECIAL EDUCATIONAL NEEDS

Additional barriers can exist when recognising abuse and neglect in this group of children, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's impairment without further exploration
- Assumptions that children with SEN and disabilities can be disproportionately impacted by things like bullying- without outwardly showing any signs
- Communication barriers and difficulties
- Reluctance to challenge carers , (professionals may over empathise with carers because of the perceived stress of caring for a disabled child)
- Disabled children often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased.
- A disabled child's understanding of abuse
- Lack of choice/participation; or isolation

HEALTH AND SAFETY AND WELFARE

The safety and welfare of all pupils/students at Tenison's School is our highest priority. Our ethos is to know everyone as an individual and to provide a secure and caring environment so that every pupil can learn in safety. In all matters relating to Safeguarding/ child protection the School will follow the procedures laid down with DfE guidance contained in Working Together to Safeguard Children 2015, and Keeping Children Safe in Education (KCSIE September 2016)

All members of staff have a duty to safeguard our pupils' welfare and must therefore familiarise themselves and comply at all times with the School Safeguarding Policy and the Health and Safety and Welfare guidelines. This includes a duty both to children in need and to children at risk of harm. All staff have read **Part 1 of KCSIE and Annex A**. Safeguarding children and child protection issues are on the agenda of regular staff meetings and discussions where by the school draws on the expertise of staff to help shape safeguarding arrangements and policies. All School staff should be aware that safeguarding incidents can happen at any time and anywhere and are required to be alert to any possible concerns.

SPECIFIC SAFEGUARDING ISSUES

Expert and professional organisations are best placed to provide up-to date guidance and practical support on specific safeguarding issues. For example, NSPCC offers information for schools on the TES website and also on its own website (www.nspcc.org.uk).

SAFER EMPLOYMENT PRACTICES

Safer Recruitment (please refer to our safer recruitment policy) and Employment of Staff and Single Central Record: We operate safe recruitment procedures, particularly pre-appointment checks on staff including Disclosure and Barring Service (DBS) checks, but also pre-appointment checks on volunteers, staff of contractors and other individuals that are not school staff or supply staff. **Archbishop Tenison's High School** follows the Government's recommendations for the safer recruitment and employment of staff that work with children. The *Single Central Register* (SCR), often referred to as the *Centralised Record*, is rigorously maintained. All employees and volunteers are checked in accordance with the full requirements of the SCR before starting work. Further details on the exact nature of checks for certain parties can be found in our Safer Recruitment Policy, including:

- Staff employed by another organisation including agency and third party staff

- Contractors
- Adults who supervise children on work experience

Appointment Procedure

The following checks are made before an appointment is confirmed.

1. Evidence of identity, including name address and date of birth
2. Application form with checks on any gaps in employment and a record that the reasons for any gaps are satisfactory
3. Number and date of DBS or barred list check (the 'disclosure' itself should normally be destroyed within 6 months, except in the case of supply staff)
4. A prohibition order check for teaching staff
5. Two references requesting referees to give any reason why the applicant should not be employed for work with children; if a reference is taken over the telephone, detailed notes should be taken, dated and signed
6. Evidence of qualifications (if relevant)
7. Medical declaration
8. Evidence of permission to work (for any member of staff who is not a national of a European Economic Area (EEA) country)
9. Evidence of checks provided by another country for an applicant who has worked abroad (if applicable)
10. Interview with written record of outcome

The procedure also includes:

1. Informing applicants that any previous employer may be contacted;
2. Following up references with telephone calls where this is considered desirable;
3. Making contact with the school at which the applicant last worked, if he or she is not currently working in a school (in order to confirm employment details and reasons for leaving);
4. Making clear that checks must be completed before an appointment can be confirmed.

All these checks for newly appointed staff are recorded on the Central Register.

Senior staff will complete online training for Safer Recruitment in Education. There is not a set frequency for staff refresher training. The training is available from NSPCC: www.nspcc.org.uk. All volunteer helpers and contractors working regularly during term time are also vetted.

RAISING AWARENESS WITH PUPILS

- We aim to create a friendly, caring and perceptive environment in which every individual is valued. Our mission is to contribute positively towards the growing autonomy, self-esteem and safety of each pupil. We prepare all of our pupils to make reasoned, informed choices, judgments and decisions. Pupils are taught about safeguarding, including on-line, through the curriculum and designated Pastoral lessons.

Use of mobile phones, cameras:

- In general, staff should not use mobile telephones in the presence of children. Personal mobile telephones should never be used for taking or storing images or recordings of pupils. Any images or recordings should only be taken, edited or stored on school computers unless with the express permission of the Headteacher. Photographs or recordings should only be made where there is a legitimate school purpose. A pupil's privacy and dignity must be preserved at all times. Images or recordings should not be transmitted to third parties without permission of the Headteacher or parents of the child involved. **There is a separate policy on the use of Mobile Phones by pupils and students and all staff must read the Mobile Phone Policy in conjunction with the Safeguarding Policy.**

Email, electronic communication and computers

- Staff will only use the School's digital technology resources and systems for professional purposes or for uses deemed 'reasonable' by the Headteacher and Chair of Governors. Staff will only use the approved School email, or other School-approved communication-systems with pupils or parents/guardians, and only communicate with them on appropriate School business and will not disclose their personal telephone numbers and email addresses to pupils or parents/Guardians.
- All computer equipment and internet access within the School will be subject to appropriate "parental controls" and Internet safety rules in line with our E-safety Policy. Pupils, staff and parents will sign the Acceptable Use Policy, and regular mention of appropriate use of IT is made at staff training sessions.

Site Security

Archbishop Tenison's School provides a secure site but the site is only as secure as the people who use it. Therefore all people on site have to adhere to the rules, which govern it. Therefore:

- Main gates from carpark should be locked at all times excluding 30 minutes during arrival time in the morning and departure time at the end of the school day.
- All exit doors should be closed to prevent intrusion.
- Visitors must only enter through the main entrance and after signing in at the office. They should be given a visitors badge on entry.
- Pupils will only be allowed home with adults with parental responsibility or confirmed permission.
- Pupils should never be allowed to leave school alone during school hours and, if collected by an adult, signed out.
- Should a pupil leave the school premises without permission, staff have been informed never to chase after a child, but rather to report immediately to the office. **Then parents/carers and Police will be informed of the circumstances if necessary.**

School residential trips

- The DSL and the Deputy DSL routinely sign off all trips involving any overnight staying. If a pupil on the Safeguarding list of concerns is included in that trip, the DSL(Designated Safeguarding Lead) and the DDSL(Deputy Designated Safeguarding Lead) will confer with the relevant member of staff so that proper support of the pupil (which might involve not allowing him or her to take part due to concerns about welfare) can be guaranteed.

Admissions and Attendance

- All parents applying for places at the School will be informed of our safeguarding responsibilities and the existence of this policy. Any pupil whose attendance falls below 80% during the course of a full school term will be monitored very closely and vigilance is applied mindful of the risks for pupils associated with going missing from education.

Review, Monitoring and Evaluation

The Headteacher and the Designated Safeguarding Lead report termly to the Governors on all matters relating to Safeguarding – this is usually in the termly Safeguarding Meeting. The annual review of the school's child protection policies, including an update and review of their implementation, is carried out by the Headteacher and the Designated Safeguarding Governor. It is the responsibility of the Headteacher and Governor to:

- Review the procedures for and the efficiency with which the child protection duties have been discharged;
 - Ensure that any deficiencies or weaknesses in child protection arrangements are remedied without delay;
 - Approve amendments to child protection arrangements in the light of changing Regulations or recommended best practice
 - Ensure that the school contributes to inter-agency working in line with Working Together to Safeguard Children (March 2015) through effective implementation of the child protection policy and procedures and good cooperation with local agencies.
 - Ensure that staff have the skills, knowledge and understanding necessary to keep safe children who are looked after by a local authority. This includes ensuring that staff have the information they need about the child’s status, contact arrangements with parents, care arrangements and delegated authority to carers, and information available to the DSL.
- Minutes of the annual review are taken.**
- If there has been a substantial allegation against a member of staff, the school should work with the LADO to determine whether there are any improvements to be made to the school’s procedures or practice to prevent similar events in the future. Should any deficiencies or weaknesses in child protection arrangements be identified, these will be remedied without undue delay.

This policy is subject to continuous monitoring, refinement and audit by the Headteacher and Designated Safeguarding Lead (DSL). The Governors will undertake a full annual review of this policy and procedures, inclusive of its implementation and the efficiency with which the related duties have been discharged. This discussion will be formally documented in writing. This policy will be reviewed no later **than September 2017**, or earlier if changes in legislation, regulatory requirements or best practice guidelines so require. Any deficiencies or weaknesses recognised in arrangements or procedures will be remedied immediately and without delay.
