Dear Parents and Carers

Year 7 Science Book: CGP Complete Revision and Practice

We would like Year 7 pupils to invest in an excellent Science resource for use at home as well as in all Science lessons. Would you please order a copy of this resource via ParentPay www.parentpay.com at the reduced cost of £6 (the normal RRP is £12). Should you require a username and password to access the site, or if you are unable to make an internet payment, please email Mrs Viljoen on cashlessinfo@archten.croydon.sch.uk or telephone the school office.

Pupils will be handed the Science resource book during their Science lesson a day or two after payment has been received.

The CGP Complete Revision and Practice book (ISBN 9781841463858) covers all National Curriculum KS3 Science material. The resource is well laid out and each topic comes with explanations, diagrams, short practice questions, exam-style questions and summary questions. Pupils can make use of this resource for every Science topic until the end of Year 8. The questions range from straightforward knowledge/recall to more challenging explanation questions. There are answers at the back which can be used to support pupils of all levels, who can also be trained to self-check.

I would also like to recommend some excellent online learning resources which can be accessed directly from the BBC Bitesize KS3 Science website (www.bbc.co.uk/schools/ks3bitesize/). The activities and auto-marked tests are arranged by topic, and match quite closely the topics we are covering in class.

Yours sincerely

Mr Bowers
Head of Science
