7 Shared Excitement, INTEREST AND OPPORTUNITIES

in all the different subjects we teach, co-curricular activities include trips to Berlin, Ypres, The British Film Institute and skiing.

10 CONFIDENCE to Succeed

in different walks of life

"Tenison's has shaped me as a person. Not only does the school aim for success academically, but the school has a fantastic support system and pupils are encouraged to follow their ambitions. I am very proud to be a Sixth Form student here."

Neriah, Year 13

Our Aim

Archbishop Tenison's Church of England High School exists to provide a Church of England education, primarily for children of Anglican and other Christian families living within the Archdeaconry of Croydon and Deanery of Sutton.

Our Ethos

Archbishop Tenison's has a distinctive Christian ethos, which gives the school its purpose and provides an inclusive environment, where children can learn and flourish in a setting shaped by Christian values. We welcome applications from all members of the community and we ask all parents to respect the Christian ethos of the school. We value five things in particular; courtesy, calmness, concentration, confidence and consideration.

Our Purpose

Together with Church schools across the world we seek to educate the whole person. Our curriculum combines the academic, the human and the practical; our teaching develops the knowledge, understanding and skills of each pupil across all the different subjects; our pupils learn best in a community where they know and are known - and where they find the space to think independently, the grace to understand new and difficult things and the inner strength to succeed. This is what it takes for academic study to be rewarding and, above all, enjoyable.

There is much for us to learn as human beings - about ourselves, created in God's image; about the world in which we live and our purpose in being here; about our relationships with other people and how we handle the differences between us. A good school provides a good start in all of this.
